

Stormwater Tip- 4/2019

Weeds can be a tremendous problem during spring & summer months. You want to be extremely careful when treating your lawns. A safe way to treat weed control is to use an all-natural weed killer. It will kill anything you spray it on. Just mix ingredients and spray in the morning after the dew has evaporated. By evening the weeds are all gone!

Mix together in a large spray bottle:

1 Gallon Vinegar

2 Cups Epsom Salt

¼ Cup Eco-Friendly Dish Soap
